To install Test Wizard Creator in your computer

1. Insert the USB drive that came with your CellAdvisor JD720C series into your computer. You can also download the latest software at http://celladvisor.updatemyunit.net/.
2. Navigate to the installation file named "TestWizardCreator_setup_1_2.exe".
3. Double-click the installation file and follow the instructions on the screen.

To install a license in your instrument

1. Check the firmware version of your JD720C series if it is 1.064.00x or after. If yes, go to step **3**. If not, go to step **2**.
2. To install the compatible firmware, download the firmware file at the following URL and upgrade the firmware as instructed in the firmware release notes included in the firmware file: *http://www.viavisolutions.com/en/services-and-support/support/software-downloads-and-updates#Group-C*
3. In your instrument, go to **Mode > System > Instrument Settings**.
4. Tap the **Installable Options** button for **License**.
5. Enter a license number you have received at your purchase of the option.
6. Tap the **Apply** button.

Fixed Problems

- Fixed to enable the operation of 1Port Cable Loss in the measure mode.

Known Issues

- None

Known Limitations

- None
